Congratulations to Hayley Burgess and Charlotte Bartholomew who have been selected for state swimming carnival. An excellent achievement.

On Thursday and Friday I shall be attending professional learning with Miss Ryan in Sydney. We shall be learning about numeracy K-2 and the best ways to implement the EAfS numeracy program in the school. There has already been a lot of research to read before the course and it illustrates the importance of students becoming involved with their learning. This involvement comes through being active in class, asking questions working with other students and completing all the class learning that is set.

At the last principal’s conference I attended the major topic was the preparation of the school plan and the implementation of the school excellence framework. Both documents have now been released and will have a big impact on the school directions in 2016.

The Better Buddies Program is an initiative that was developed by the Alannah and Madeline Foundation, it focuses on teaching students strategies that reinforce positive social values such as care, valuing difference, respect and including others.

This program is being introduced as part of our current Buddy system between Kindergarten and Year 6. The Year 6 buddies currently spend one period a week with the Kindergarten students helping with a range of activities.

Buddy Bear has been introduced to the K/1 students and the Year 6 buddies. The K/1 students were very excited when Buddy Bear Puppet came and visit and he now lives in our classroom. We discussed how to be a good buddy on the playground and what would make buddy bear happy.

In the Buddy Bear Program, with the help of the Year 6 students, we will be focusing on class and playground rules, how to share, including everyone in your group, accepting people are different, asking others to play and making sure you are a good buddy.

As part of the program a ‘buddy backpack’ has been set up for students to take home. The student will get to bring the ‘buddy backpack’ home on a Friday and keep Buddy Bear and the backpack for 1 week. Then it should be returned the following Friday so they can share with the class what they did with Buddy Bear. The student who gets to take the backpack home has been selected because they have been a ‘good’ buddy at school (there are more instructions in the backpack when you get it). All students will have the opportunity to take Buddy Bear home by trying their best to be a good buddy at school.
In science we have been investigating how water is used, where it comes from and how to use it responsibly. In these photos the students have created their own ‘water world’. They had to use different materials to make water flow in a certain direction.
In Year 8 Science, students have been learning about designing fair tests and the importance of controlling variables when conducting investigations. As part of their learning, students participated in a mouldy race challenge. Each student was given a snap-lock sandwich bag and a piece of bread. Their task was to produce as much mould on their bread as they could in two weeks. Students could do whatever they liked to the bread, except open the bag they were given. At the end of the two weeks they were judged – with most barely resembling bread. Students had to identify the variables they altered to grow their mould and the class discussed the variables they changed and their contribution to growing mould. Students also identified possible risks associated with the challenge and discussed how to maintain a safe working environment.

Year 7 have just completed their Bauhaus inspired letter holders in Technology Mandatory. The Bauhaus principles of design are based around simple geometric shapes and primary colours, although some students gave themselves a creative licence and strayed from those boundaries slightly. The students did a fantastic job, worked tirelessly and gave their personal best each and every lesson. They are looking forward to undertaking a metal project for the remainder of the term, and it will be great to see their dedication and resilience continue.

Mr Cooper
Head Teacher Message

The past few weeks have seen many students participate in some amazing opportunities provided to them through RAP. It was pleasing to see many students at the Summer Sport Trials at Barellan and also the combined Biology/Senior Science Excursion to Darlington Point. A huge thanks must go to the staff involved in organizing these activities as the organization of these events across the 6 partnership schools is often quite demanding. Preliminary students are also just about to get their first taste in finalising and submitting Assessment Tasks, which will become more frequent as the weeks progress. It is essential that students are aware of the Assessment Policies and Procedures outlined in their Prelim RAP Assessment Booklet they all received at the beginning of the year.—Mr Whytcross

Summer Sport Trials

On Wednesday 18th February secondary students from Ardlethan, Ariah Park, Barellan, Hillston, Lockhart and Oaklands Central Schools attended the RAP Summer Sport trials held at Barellan. Here students trialed to represent combined RAP teams to compete across the region in Tennis, Lawn Bowls, Cricket, Touch Football and Basketball. The RAP Sport Program has been in action now for almost 10 years and provides students across the partnership schools with opportunities to competitively compete in a wide range of school sports.

The initiative has been a great way of building positive student relationships between the schools, which in turn has assisted in a more streamlined transition for students into the RAP senior years.

A huge thanks to all our Sport’s team coaches, in particular Kate Denham, the RAP Sports Coordinator for all her work associated with the program.

Biology/Senior Science Excursion

The Year 11 Senior Science and Biology syllabus requires all students to undertake fieldwork studies for the core module 'Local Ecosystems'. RAP students conducted this fieldwork at Darlington Point on Tuesday 3rd in conjunction with Darron Watt from the Riverina Environmental Education Centre based in Wagga Wagga, a former teacher from the RAP network. Students were required to work together in order to study the abiotic and biotic features of the local River Red Gum Ecosystem. The firsthand information collected on the day is required in both courses in order to complete the first Assessment Task. Students are to be congratulated for their efforts on the day.

Mr White (Prelim Senior Science Coordinator)
HSC Support

Extracts taken from Prelim/HSC RAP Assessment Booklet.

Parent/s of students studying through RAP should have already signed and returned the receipt of acknowledgement for the Preliminary & HSC Assessment booklets, indicating that their child has received the booklet, and that they are aware of the assessment policies and procedures outlined within it.

It is essential that students are familiar with the policies and procedures outlined in this booklet, as failing to adhere to these procedures can result in severe consequences such as zero marks for a task and ultimately an N-Determination for a course.

Below are a few extracts from this booklet that outline just a few of the policies and procedures relating to RAP Assessment Tasks.

- **Students Must:** Submit a hard copy of the Assessment Task with the Assessment Task Cover Sheet attached, on the Due Date, before 9.00am, to the School Front Office and obtain the appropriate receipt, except for in class tasks to be sat on the day… any task submitted late without valid reason will receive a mark of zero.

- If an unforeseen illness or misadventure occurs that prevents the student sitting the task, the student or their representative must notify the school immediately, and submit a completed Illness/Misadventure form...

- Technical failures related to computing equipment will not constitute sufficient grounds for the granting of an extension or a misadventure. Students are expected to follow responsible practices in relation to the use of technologies, including the maintenance of reliable and up-to-date back-up copies, allowing sufficient time to deal with potential technical failures and the retention of printed back-up copies.

- Students must acknowledge all sources of information, as per the standard bibliography format in the appendix of the RAP Assessment booklet.

- Students who feel that they cannot submit the task on or by the due date, for reasons beyond their control, can make a written application for an extension of time to complete the task. This must be completed two days prior to the due date and given to their ISAC. Students must use the Illness/Misadventure and Extension Application form.

The assessment booklet issued to all students also contains a calendar outlining the weeks that each subject’s tasks are due over the course of the year as well as the outcomes assessed, weightings and nature of the tasks for each RAP subject.

Students should contact their In School Access Coordinator (ISAC) to obtain a replacement copy if required.
Our selection of images for this issue come from the RAP Summer Sport Trials and the Biology/Senior Science Excursion.
RAP PRELIMINARY BIOLOGY & SENIOR SCIENCE EXCURSION TO DARLINGTON POINT

Last Tuesday, students in the RAP Preliminary Biology and Senior Science classes travelled to Darlington Point to conduct a field study investigation on the Murrumbidgee Valley River Red Gum Ecosystem. Students used the knowledge and skills they have been building over the past 5 weeks to observe and investigate the living and non-living factors such as water quality, climate, soil type floodplain development and species diversity, that influence the ecosystem. The in-field investigation forms the practical component of the first assessment tasks for both of the subjects.

ZONE OPENS TOUCH FOOTBALL GALA DAY

On Tuesday 3rd March, 8 students from Hillston Central joined up with their peers from our Riverina Access Partnership schools to compete in a touch football gala day against schools in the Zone.

The girls started their games with a match against Griffith, we then tried our hardest against Leeton, Wade and Yanco Ag. With only one sub and a hot day the girls persevered and gave it their absolute best. Sharnie (APCS) showed great skill in ball control and always being ready to play dummy-half and Adela (HCS) chased the other team members to the line each time. The other team members, Jade N, Shane G and Hannah K (BCS), Maggie J (APCS) and Courtney C (ACS) all demonstrated excellent sportsmanship and commitment on the field even though there were no wins for the girls.

The boys team consisted of Matt B, Jessie K, Todd R, Pete F, Jordan K, Curtis K and Jeromy Lucas (ACS). Matt demonstrated his leadership skills and had an impressive ability to talk on the field and move players around the field proved advantageous in attacking, directing runners to make use of the gaps formed in the defensive line. The boys managed to draw 3 all against Griffith with Jessie scoring 2 tries and Todd also scoring one. Throughout the matches Jeromy and Jordan both scored 2 tries and Matt scored 1. Well done to the boys who also only had 7 players making it a long day running in the sun and showed great sportsmanship and a real sense of fun throughout their matches (good grubber kick Matt!)
SCHOOL FEES
Listed below are the school fees for 2015. Accounts for fees will be posted to families this week.

EASY WAYS TO ADD PHYSICAL ACTIVITY TO YOUR DAY:

- walk to the store, the school or the playground instead of using the car
- allow time for children to play outdoors
- park the car away from the shops
- get off the bus one stop earlier
- don’t use the remote control
- plant a veggie garden
- take the stairs instead of escalators or lifts
- schedule regular time each week for your family to be physically active together
- limit television time to no more than two hours per day or 14 hours a week.

PEANUT ALLERGY
Remember that some students at our school have a dangerous allergy to peanuts and other nuts. Students must be aware of this and discouraged from bringing nuts to school. If nut products are brought students should ensure they tell their teacher, sit away from allergic students while eating and remember to wash face and hands after eating.

(Please discuss this with your child)

These competitions are an excellent opportunity for students to stretch their skills. In 2014 several students achieved outstanding results in several competitions. In 2015 it is their chance to do even better.

If the cost of the competition is an issue please contact the Principal to inquire about assistance.

2015 ASIA WISE CHALLENGE

The Asia Wise Challenge provides students with an overview of Asia developing their general capabilities and knowledge of the region. The topics are drawn directly from the Australian Curriculum. The History and Geography syllabus from Years 7-10 has a focus on Asia and this a chance for the students to develop their understanding of the area. The challenge involves three components; the Asia Wise Challenge, Asia Wise in Depth and Asia Wise Attitudes.

Benefits for students
• A fun and engaging way to improve general knowledge and select areas for a Depth Study
• Great Quick Quizzes and ambassador program
• Improves problem solving and research skills
• Develops skills and strategies for locating information
• Helps students evaluate the effectiveness of their choices of information and technology
• Graded certificate

Who can enter?
Years 7-10.

Challenge Format
Students are provided with 50 multiple choice questions that cover 10 topics. It requires 2-3 hours work which can be done in class or for homework and can be completed over a two week period. Students are required to use any resources available to find the answers and submit them online.

Date for the competition: Week 7 –8 of Term 4; after the Yearly Examination.

Entry Fee: $6.00

If interested, please fill the entry form below and return it with your money to the office before the 20th of March 2015 so I can register our school.

For further information contact Mrs Jatan at school or visit the website at http://giantclassroom.com.au/program.aspx?ProgramId=6&ProgramLinkId=72

AFTERNOON TEA CATERING
12th March, 2015
The P & C are catering AFTERNOON TEA for an event celebrating The Cotton Grower of the Year Award at Tim and Sally Watsons property “Lanes Bridge” Hillston on 12th March. We are looking for donations of slice, sandwiches, cakes, fruit platters or even fruit that can be cut up for the platter. We are also looking for a couple of helpers to take the food out and serve. All items can be dropped off to school for collection on the day.
If you can donate food items or help please contact Kent on 0428 672 530 or Katieanne on 0423 513 246.

MEALS ON WHEELS
The P & C deliver Meals on Wheels the 1st and 2nd Mondays of each month. If you can offer to do a turn it takes about an hour. Please contact Katieanne to be put on the roster.

P & C AGM MEETING
The P and C AGM will be held ahead of our normal monthly meeting on Tuesday March 10 commencing at 7pm. All positions will be declared vacant so we need to fill the roles of President, two Vice-Presidents, Secretary and Treasurer. If you are interested in contributing to the P and C by serving in one of these roles and would like more information about what is involved, call Kent on 0428672530.

Dear P&C Colleagues,

We are writing to you to thank your P&C for the continuing support you have given the kids of the Royal Far West School over the years and to let you know that the appeal for funds letter we sent out to country schools last year was a final.

We recently arranged to dissolve our Royal Far West School P&C, effective March 31. For an organisation that has existed since 1953 we are sad to advise that our numbers fell to below quorum and we have not been able to find any alternative. We do hope however that you will continue to provide support to our wonderful Royal Far West School in its efforts to assist country children.

Our thanks are truly heartfelt.

Sincerely,

Pat, Carolyn and Margo

Pat Johnson, Secretary,
Carolyn Howells, Treasurer
Margo Bavinton, President
COMMUNITY NEWS

HILLSTON JUNIOR CRICKET
Saturday 14th March 8.30am
Stan Peters Oval
This will be the last week of cricket for the season.
The game will be followed by our medal presentation.
Please contact Tash Mahy 69671374 or Dave Sloan 69671863 for more information.
PLEASE ENSURE YOUR CHILD HAS A WATER BOTTLE & HAT.

HILLSTON JNR RUGBY LEAGUE REGO DAY
Date: This Friday 23th at 4.30
Price: $60 includes shorts and socks
If anyone would like the link to register online contact Peta Randall on 0459470477

Junior Football Training - March

Thursday 5th - 4pm Auskick, U11s U14s
Thursday 12 - 4pm Auskick: TBA for U11s & U14s
Friday 20th 5pm: Auskick, U11s, U14s - Pavilion Dressing Sheds Opening Day
Registrations are closing this Thursday 12th March.
Please make sure your child has a water bottle. Contact Tash Mahy 0427672293.

Auskick Half Time
GWS Giants v Hawthorn, Spotless Stadium, Saturday 9th May, 4.35pm.
Registered players from age 5 – 8 are eligible to play on the field at halftime.
Free ticket provided for player and 1 parent. Contact Tash Mahy 0427672293.
**Canteen Menu 2015**

Orders to be placed by 9.00am.
Bags are available at the counter.

All effort will be made to provide your child with the lunch they order. If for any reason we do not have the item, a similar one to the same value will be offered. Please be aware that your child will be given what is written on the lunch bag. If you require any changes such as no cheese, butter, sauce etc. clearly print it on the bag, otherwise the standard order will be given.

Please let Toni know if your child is leaving early or going home sick, so their order can be held for another day.
